What WebOps Pricing Plan Should I Choose?

Getting Started · https://thewebops.com/help-center/getting-started/what-webops-pricing-plan-should-i-choose/

Quick Answer (Recommended by WebOps)

- **Free Plan** → Try WebOps before committing
- **Basic Plan** → Launch a simple website
- **Pro Plan (★ Most Popular)** → Grow your business
- **Premium Plan** → Scale with advanced support

Pricing Currency Notice

Prices are shown in both **USD and EGP** for convenience.

- **EGP pricing applies only to customers in Egypt**
- **All other customers are charged in USD**

Payment Methods (Egypt Only)

For customers located in Egypt, WebOps supports **Instapay** for **annual plans only**.

You can use Instapay in the following cases:

- Upgrade to any **annual plan** (from monthly or annual)
- Restore a deleted website to an **annual plan**
- Upgrade a free website to a **paid annual plan**

Important:

- Instapay is **not available for monthly plans**
- Annual plans must be selected when using Instapay

Your subscription will be activated immediately after payment confirmation.

Free Plan -- $0

Best for: Testing WebOps risk-free

Duration: 7 days (no credit card required)

Includes:

- AI-powered website builder
- E-commerce support
- SEO optimization
- 1 GB SSD storage
- 1,000 monthly visitors

Limitations:

- Uses a subdomain (example.thewebops.com)
- Includes WebOps branding
- No 24/7 support
- Website is deleted after **7 days**

This plan is ideal for testing the platform. To keep your site live, connect your own domain, and remove WebOps branding, you'll need to upgrade to a paid plan.

Basic Plan

Best for: Individuals & small businesses

Pricing:

USD

- Annually: **$7.98/month** (billed annually) → **$3.99/month for the first year**
- Monthly: **$15/month → $1 for the first month**

EGP (Egypt only)

- Annually: **399 EGP/month → 199.5 EGP/month for the first year**
- Monthly: **750 EGP/month → 50 EGP for the first month**

Includes:

- **Full access to our AI-powered website builder**
- E-commerce support
- 20,000 monthly visitors
- 5 GB SSD storage
- Basic support
- Connect your own domain (yourbrand.com)
- No WebOps branding
- Website stays live with no time limits

This plan is ideal for launching your first business website with core tools and manageable limits.

Pro Plan (★ Most Popular)

Best for: Growing businesses

Pricing:

USD

- Annually: **$13.98/month → $6.99/month for the first year**
- Monthly: **$30/month → $1 for the first month**

EGP (Egypt only)

- Annually: **699 EGP/month → 349.5 EGP/month for the first year**
- Monthly: **1500 EGP/month → 50 EGP for the first month**

Includes:

- Everything in Basic
- 100,000 monthly visitors
- 10 GB SSD storage
- **24/7 premium support**

The Pro Plan offers the best value for growing businesses, with higher capacity, premium support, and full brand control.

Premium Plan

Best for: High-traffic or scaling businesses

Pricing:

USD

- Annually: **$23.98/month → $11.99/month for the first year**
- Monthly: **$45/month → $1 for the first month**

EGP (Egypt only)

- Annually: **1199 EGP/month → 599.5 EGP/month for the first year**
- Monthly: **2250 EGP/month → 50 EGP for the first month**

Includes:

- Everything in Pro
- 200,000 monthly visitors
- 15 GB SSD storage
- Dedicated account manager
- 24/7 priority support

This plan is built for businesses that need maximum scalability, enterprise-level reliability, and a dedicated account manager.

Free vs Paid (Key Differences)

Feature	Free Plan	Paid Plans (Basic, Pro, Premium)
AI-powered builder		
E-commerce support		

SEO optimization		
Custom domain		
Remove branding		
Website permanence	(7 days only)	
Support	Limited	24/7
Storage & visitors	Limited	Higher limits
Account manager		Premium only

When Should You Upgrade?

- Keep your website live permanently
- Connect your own domain (yourbrand.com)
- Remove WebOps branding
- Get reliable support when needed (24/7)
- Handle more traffic and storage
